BID SUBMISSION

7. **BID OPENING** Bids may, as applicable, be opened publicly. The Director reserves the right at any time to postpone or cancel a scheduled Bid opening.

8. **BID/PROPOSAL SUBMISSION** All Bids/Proposals are to be packaged, sealed and submitted to the location stated in the Bid/Proposal Specifications. Bidders/Proposers are solely responsible for timely delivery of their Bids/Proposals to the location set forth in the Bid Specifications prior to the stated Bid opening date/time.

A Bid/Proposal return envelope, if provided with the Bid Specifications, should be used with the Bid/Proposal sealed inside. If the Bid/Proposal response does not fit into the envelope, the Bid/Proposal envelope should be attached to the outside of the sealed box or package with the Bid/Proposal inside. If using a commercial delivery company that requires use of their shipping package or envelope, Bidder's/Proposer's sealed Bid, labeled as detailed below, should be placed within the shipper's sealed envelope to ensure that the Bid is not prematurely opened.

All Bids/Proposals must have a label on the outside of the package or shipping container outlining the following information:

“**BID/PROPOSAL ENCLOSED** (bold print, all capitals)

- Bid/Proposal Name
- Bid/Proposal Number
- Bid/Proposal Submission date and time”

In the event that a Bidder/Proposer fails to provide such information on the return Bid/Proposal envelope or shipping material, the Town reserves the right to open the shipping package or envelope to determine the proper Bid/Proposal number or Bid/Proposal Name, and the date and time of Bid opening. Bidder/Proposer shall have no claim against the Town arising from such opening and such opening shall not affect the validity of the Bid/Proposal or the procurement.

Notwithstanding the Town's right to open a Bid/Proposal to ascertain the foregoing information, Bidder/Proposer assumes all risk of late delivery associated with the Bid/Proposer not being identified, packaged or labeled in accordance with the foregoing requirements.

All Bids/Proposals must be signed by a person authorized to commit the Bidder/Proposer to the terms of the Bid Documents and the content of the Bid (offer).

9. **LATE BIDS/PROPOSALS** For purposes of Bid openings held and conducted by the Purchasing Division, a Bid must be received in such place as may be designated in the Bid Documents or if no place is specified to the Town of North Hempstead, Purchasing Division, 220 Plandome Road, Manhasset, New York 11030, at or before the date and time established in the Bid Specifications for the Bid opening.

Any Bid received at the specified location after the time specified will be considered a late Bid. A late Bid shall not be considered for award unless: (i) no timely Bids meeting the requirements of the Bid Documents are received or, (ii) in the case of a multiple award, an insufficient number of timely Bids were received to satisfy the multiple award; and acceptance of the late Bid is in the best interests of the Town. Delays in United States mail deliveries or any other means of transmittal, including couriers or agents of the Town shall not excuse late Bid submissions. Similar types of delays, including but not limited to, bad weather or security procedures for parking and building admittance shall not excuse late Bid submissions. Determinations relative to Bid timeliness shall be at the sole discretion of the Director.

10. **BID/PROPOSAL CONTENTS** Bids/Proposals must be complete and legible. All Bids/proposals must be signed. All information required by the Bid Specifications must be supplied by the Bidder/Proposer on the forms or in the format specified. No alteration, erasure or addition is to be made to the Bid Documents. Changes may be ignored by the Director or may be grounds for rejection of the Bid. Changes, corrections and/or use of white-out in the Bid or Bidder's/Proposer's response portion of the Bid Document must be initialed by an authorized representative of the Bidder/Proposer. Bidders/Proposers are cautioned to verify their Bids/Proposals before submission, as amendments to Bids or requests for withdrawal of Bids/Proposals received by the Director after the time specified for the Bid opening/date of submission of RFP, may not be considered.

11. **EXTRANEOUS TERMS** Bids/Proposals must conform to the terms set forth in the Bid Documents, as extraneous terms or material deviations (including additional, inconsistent, conflicting or alternative terms) may render the Bid/Proposal non-responsive and may result in rejection of the Bid/Proposal.

Extraneous term(s) submitted on standard, pre-printed forms (including but not limited to: product literature, order forms, license agreements, contracts or other documents) that are attached or referenced with submissions shall not be considered part of the Bid or resulting Contract, but shall be deemed included for informational or promotional purposes only.

No extraneous term(s), whether or not deemed "material," shall be incorporated into a Contract or Purchase Order unless the Director expressly accepts each such term(s) in writing. Acceptance and/or processing of the Bid shall not constitute such written acceptance of Extraneous Term(s).

12. **CONFIDENTIAL/TRADE SECRET MATERIALS** Contractor confidential trade secret or proprietary materials as defined by the laws of the State of New York must be clearly marked and identified as such upon submission by the Bidder. Marking the Bid as "confidential" or "proprietary" on its face or in the document header or footer shall not be considered by the Director to be sufficient without specific justification as to why disclosure of particular information in the Bid would cause substantial injury to the competitive position of the Bidder. Bidders/Contractors intending to seek an exemption from disclosure of these materials under the Freedom of Information Law must request the exemption in writing, setting forth the reasons for the claimed exemption. Acceptance of the claimed materials does not constitute a determination on the exemption request, which determination will be made in accordance with statutory procedures. Properly identified information that has been designated confidential, trade secret, or proprietary by the Bidder will not be disclosed except as may be required by the Freedom of Information Law or other applicable State and federal laws.

13. **RELEASE OF BID EVALUATION MATERIALS** Requests concerning the evaluation of Bids may be submitted under the Freedom of Information Law.

14. **FREEDOM OF INFORMATION LAW** During the evaluation process, the content of each Bid will be held in confidence and details of any Bid will not be revealed (except as may be required under the Freedom of Information Law or other State law). The Freedom of Information Law provides for an exemption from disclosure for trade secrets or information the disclosure of which would cause injury to the competitive position of commercial enterprises. This exception would be effective both during and after the evaluation process. If the Bid contains any such trade secret or other confidential or proprietary information, it must be accompanied in the Bid with a written request to the Director to not disclose such information. Such request must state with particularity the reasons why the information should not be available for disclosure and must be provided at the time of submission of the Bid. Notations in the header, footer or watermark of the Bid Document will not be considered sufficient to constitute a request for non-disclosure of trade secret or other confidential or proprietary information. Where a Freedom of Information request is made for trademark or other confidential or proprietary information, the Director reserves the right to determine upon written notice to the Bidder whether such information qualifies for the exemption for disclosure under the law. Notwithstanding the above, where a Bid tabulation is prepared and Bids publicly opened, such Bid tabulation shall be available upon request.

15. **PREVAILING WAGE RATES - PUBLIC WORKS AND BUILDING SERVICES CONTRACTS** If any portion of work being Bid is subject to the prevailing wage rate provisions of the Labor Law, the following shall apply:

A. **"Public Works" and "Building Services" - Definitions**

i. **Public Works** Labor Law Article 8 applies to contracts for public improvement in which laborers, workers or mechanics are employed on a "public works" project (distinguished from public "procurement" or "service" contracts). The Town, a public benefit corporation, a municipal corporation (including a school district), or a commission appointed by law must be a party to the Contract. The wage and hours provision applies to any work performed by Contractor or Subcontractors.

ii. **Building Services** Labor Law Article 9 applies to Contracts for building service work over \$1,500 with a public agency, that: (i) involve the care or maintenance of an existing building, or (ii) involve the transportation of office furniture or equipment to or from such building, or (iii) involve the transportation and delivery of fossil fuel to such building, and (iv) the principal purpose of which is to furnish services through use of building service employees.

B. **Prevailing Wage Rate Applicable to Bid Submissions** A copy of the applicable prevailing wage rates to be paid or provided are annexed to the Bid Documents. Bidders must submit Bids which are based upon the prevailing hourly wages, and supplements in cash or equivalent benefits (i.e., fringe benefits and any cash or non-cash compensation which are not wages, as defined by law) that equal or exceed the applicable prevailing wage rate(s) for the location where the work is to be performed. Bidders may not submit Bids based upon hourly wage rates and supplements below the applicable prevailing wage rates as established by the New York State Department of Labor. Bids that fail to comply with this requirement will be disqualified.

C. **Wage Rate Payments / Changes During Contract Term.** The wages to be paid under any resulting Contract shall not be less than the prevailing rate of wages and supplements as set forth by law. It is required that the Contractor keep informed of all changes in the Prevailing Wage Rates during the Contract term that apply to the classes of individuals supplied by the Contractor on any projects resulting from this Contract, subject to the provisions of the Labor Law. Contractor is solely liable for and must pay such required prevailing wage adjustments during the Contract term as required by law.

D. **Public Posting and Certified Payroll Records** In compliance with Article 8, Section 220 of the New York State Labor Law:

i. **Posting** The Contractor must publicly post on the work site, in a prominent and accessible place, a legible schedule of the prevailing wage rates and supplements.

ii. **Payroll Records** Contractors and Subcontractors must keep original payrolls or transcripts subscribed and affirmed as true under the penalties of perjury as required by law. For public works contracts over \$25,000 where the Contractor maintains no regular place of business in New York State, such records must be kept at the work site. For building services contracts, such records must be kept at the work site while work is being performed.

iii. **Submission of Certified Payroll Transcripts for Public Works Contracts Only** Contractors and Subcontractors on public works projects must submit monthly payroll transcripts to the Town that has prepared or directs the preparation of the plans and specifications for a public works project, as set forth in the Bid Specifications. Upon mutual agreement of the Contractor and the Authorized User, the form of submission may be submitted in a specified disk format acceptable to the Department of Labor provided: (1) the Contractor/Subcontractor retains the original records; and, (2) an original signed letter by a duly authorized individual of the Contractor or Subcontractor attesting to the truth and accuracy of the records accompanies the disk. This provision does not apply to Article 9 of the Labor Law building services contracts.

iv. **Records Retention** Contractors and Subcontractors must preserve such certified transcripts for a period of three years from the date of completion of work on the awarded contract.

E. **Day's Labor** Eight hours shall constitute a legal day's work for all classes of employees in this state except those engaged in farm and domestic service unless otherwise provided by law.

No laborers, workmen or mechanics in the employ of the Contractor, Subcontractor or other person doing or contracting to do all or part of the work contemplated by the Contract shall be permitted or required to work more than eight hours in any one calendar day or more than five calendar days in any one week except in cases of extraordinary emergency including fire, flood or danger to life or property. "Extraordinary emergency" shall be deemed to include situations in which sufficient laborers, workers and mechanics cannot be employed to carry on public work expeditiously as a result of such restrictions upon the number of hours and days of labor and the immediate commencement or prosecution or completion without undue delay of the public work is necessary in the judgment of the New York State Commissioner of Labor for the preservation of the Contract site or for the protection of the life and limb of the persons using the Contract site.

F. **Compliance with the Contract Work Hours and Safety Standards Act for Federal Funding** (1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek. (2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (F)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (F)(1) of this section, in the sum of \$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (F)(1) of this section. (3) Withholding for unpaid wages and liquidated damages. The Town shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (F)(2) of this section. (4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (F)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (F)(1) through (4) of this section.

7. RIGHTS

16. **APPRENTICESHIP TRAINING PROGRAMS PUBLIC WORKS AND BUILDING SERVICES CONTRACTS**

Any Bidder/Contractor entering into a Contract with the Town for public work or building services in a contract amount more than \$500,000, or any sub-contractor entering into a sub-contract with a Contractor who has a Contract with the Town for public work or building services, shall submit verification that they have in-place or will participate in an apprenticeship training program appropriate for the type and nature of work to be performed which have been registered with and approved by the New York State Commission of Labor, pursuant to §816-b of the New York State Labor Law, any provision contained in §103 of the General Municipal Law to the Bidder/Contractor notwithstanding.

A sub-contractor entitled to receive less than \$100,000 from a Bidder/Contractor sub-contract is exempt from the requirement set forth herein.

17. **TAXES**

- A. Unless otherwise specified in the Bid Specifications or Contract, the quoted Bid price includes all taxes applicable to the transaction.
- B. Purchases made by the Town are exempt from New York State sales and excise taxes. These taxes are not to be included in Bids. This exemption does not, however, apply to tools, machinery, equipment or other property, sold or leased to the Contractor or a subcontractor, or to materials and supplies of a kind which will not be incorporated into the completed Product, and the Contractor and his subcontractors shall be responsible for and pay any and all applicable taxes including Sales and Compensating Use Taxes, on such leased tools, machinery, equipment or other property or on such unincorporated materials and supplies, and the provisions set forth below will not be applicable to such tools, machinery, equipment, property and unincorporated materials and supplies.
- C. New York State Truck Mileage and Unemployment Insurance or Federal Social Security taxes remain the sole responsibility of the Bidder/Contractor, as no person, firm or corporation is exempt from paying them.
- D. Pursuant to Revised Tax Law 5-a, Contractor will be required to furnish sales tax certification on its behalf and for its affiliates, and subcontractors for Contracts with a value greater than \$100,000 in accordance with provisions of the law.

18. **PRODUCT REFERENCES**

- A. **Trade Customs** There shall be no inferences to trade customs, terms, discounts or conditions on sale applicable, which are not specifically expressed in the specifications and proposals on which the award is based nor contrary to the State Finance Law.
- B. **“Or Equal”** In all Bid Specifications the words “or equal” are understood to apply where a copyrighted, brand name, trade name, catalog reference, or patented Product is referenced. References to such specific Product are intended as descriptive, not restrictive, unless otherwise stated. Comparable Product will be considered if proof of compatibility is provided, including appropriate catalog excerpts, descriptive literature, specifications and test data, etc. The Director’s decision as to acceptance of the Product as equal shall be final.
- C. **Discrepancies in References** In the event of a discrepancy between the model number referenced in the Bid Specifications and the written description of the Products which cannot be reconciled, with respect to such discrepancy, then the written description shall prevail.

- 19. **REMANUFACTURED, RECYCLED, RECYCLABLE OR RECOVERED MATERIALS** Upon the conditions specified in the Bid Specifications and in accordance with the laws of the State of New York, Contractors are encouraged to use recycled, recyclable or recovered materials in the manufacture of Products and packaging to the maximum extent practicable without jeopardizing the performance or intended end use of the Product or packaging unless such use is precluded due to health, welfare, safety requirements or in the Bid Specifications. Contractors are further encouraged to offer remanufactured Products to the maximum extent practicable without jeopardizing the performance or intended end use of the Product and unless such use is precluded due to health, welfare, safety requirements or by the Bid Specifications. Where such use is not practical, suitable, or permitted by the Bid Specifications, Contractor shall deliver new materials in accordance with the “Warranties” set forth below.

Items with recycled, recyclable, recovered, refurbished or remanufactured content must be identified in the Bid or Bidder will be deemed to be offering new Product.

- 20. **PRODUCTS MANUFACTURED IN PUBLIC INSTITUTIONS** Bids offering Products that are manufactured or produced in public institutions will be rejected.

21. **PRICING**

- A. **Unit Pricing** If required by the Bid Specifications, the Bidder should insert the price per unit specified and the price extensions in decimals, not to exceed four places for each item unless otherwise specified, in the Bid. In the event of a discrepancy between the unit price and the extension, the unit price shall govern unless, in the sole judgment of the Director, such unit pricing is obviously erroneous.
- B. **Net Pricing** Unless otherwise required by the Bid Specifications, prices shall be net, including transportation, customs, tariff, delivery and other charges fully prepaid by the Contractor to the destination(s) indicated in the Bid Specifications, subject to the cash discount.
- C. **“No Charge” Bid** When Bids are requested on a number of Products as a Group or Lot, a Bidder desiring to Bid “no charge” on a Product in the Group or Lot must clearly indicate such. Otherwise, such Bid may be considered incomplete and be rejected, in whole or in part, at the discretion of the Director.
- D. **Educational Pricing** All Products to be supplied for educational purposes that are subject to educational discounts shall be identified in the Bid and such discounts shall be made available to qualifying institutions.
- E. **Third Party Financing** If Product acquisitions are financed through any third party financing, Contractor may be required as a condition of Contract Award to agree to the terms and conditions of a “Consent & Acknowledgment Agreement” in a form acceptable to the Director.
- F. **Best Pricing Offer** During the Contract term, if substantially the same or a smaller quantity of a Product is sold by the Contractor outside of this Contract upon the same or similar terms and conditions as that of this Contract at a lower price to a federal, state or local governmental entity, the price under this Contract, at the discretion of the Director, shall be immediately reduced to the lower price. Price decreases shall take effect automatically during the Contract term and apply to Purchase Orders submitted on or after:
 - (i) GSA Changes: Where Town Net Prices are based on an approved GSA Schedule, the date the approved GSA Schedule pricing decreases during the Contract term; or
 - (ii) Commercial Price List Reductions: Where Town Net Prices are based on a discount from Contractor’s list prices, the date Contractor lowers its pricing to its customers generally or to similarly situated government customers during the Contract term; or
 - (iii) Special Offers/Promotions Generally: Where Contractor generally offers more advantageous special price promotions or special discount pricing to other customers during the Contract term for a similar quantity, and the maximum price or discount associated with such offer or promotion is better than the discount or Net Price otherwise available under this Contract, such better price or discount shall apply for similar quantity transactions under this Contract for the life of such general offer or promotion.
- G. **Best and Final Prices** As specified in the Bid Documents and Contract, a Contractor may be solicited at the time of issuance of a Purchase Order award for best and final pricing for the Product or service to be delivered to the Town. Contractors are encouraged to reduce their pricing upon receipt of such request.

22. DRAWINGS

A. **Drawings Submitted With Bid** When the Bid Specifications require the Bidder to furnish drawings and/or plans, such drawings and/or plans shall conform to the mandates of the Bid Documents and shall, when approved by the Director, be considered a part of the Bid and of any resulting Contract. All symbols and other representations appearing on the drawings shall be considered a part of the drawing.

i. **Standard Practices** In performing the services required under the Bid Specifications/Contract, the Bidder/Contractor shall follow and adhere to the following standard Town practices. The following practices may be supplemented or modified, in writing, by the Director.

a. All work shall be in charge of an Engineer, Surveyor or Architect (as appropriate) duly licensed and registered in the State of New York, and experienced in the type of work to be performed for the Town.

b. Any and all reports shall be of 8½" x 11" format with the 11" dimension being the vertical size. Cover and binding shall be as specified by the Town. Oversize exhibits (if required) shall be foldouts or shall be contained within a "Pocket" bound into the report.

c. Any specifications shall: (i) Be of 8½" x 11" format; (ii) Be printed, and color coded, in accordance with standard Town practice; (d) Have a cover with content and format which shall conform to current Town practices.

d. The word "plans" shall be synonymous with the words "drawings". Any plans shall: (i) Have a title sheet conforming to current Town practice; (ii) Be signed and sealed by an Engineer, Surveyor or Architect (as appropriate) duly licensed and registered in the State of New York on the title sheet; (iii) Be ink on mylar, or be an accurate photographic mylar reproduction of any work originally done in pencil; (iv) Be of the following size:

(a) 8½" x 11", or fold-out multiples thereof, if to be

bound into the specifications book, subject to approval by the Director.

(b) A minimum of 22" x 36" to a maximum of 36" x 48" to be approved by the Director.

(c) CADD generated drawings shall be plotted

on mylar reproducibles and the CADD files shall be

additionally provided to the Town on disc in a

format acceptable to the Town.

e. Notwithstanding any of these provisions, the Bidder/Contractor shall, in all cases, conform to any special requirements of other government agencies where such conformity is a required condition for funding, grant approval, or submission/approval of applications and the like.

B. **Ownership of Documents** All completed original tracings and the original master specification sheets shall constitute the property of the Town but may, during the course of the performance of the work required by the Bid Specification/Contract, remain in custody of the Contractor unless otherwise directed by the Director. In the event of any revisions in specifications or original drawings, the Contractor shall submit two revised copies to the Director.

C. **Surrender of Documents** Upon termination or completion of the Contract, the Contractor shall surrender, within fifteen (15) days to the Director (as applicable), all data, reports, maps, surveys, material specifications, contacts, budgets, salary schedules, time records, plans, tracings, sketches, charts, photographs and exhibits prepared, developed or kept in connection with or as a part of this project. This section does not apply to any records or documents pertaining to the operation of the Contractor's business. The Contractor may retain in its possession copies of those records or documents, which it considers necessary for proof of performance.

D. **Drawings Submitted During the Contract Term** Where the Contract require the Contractor to develop, maintain and deliver diagrams or other technical schematics regarding the scope of work, Contractor shall do so on an ongoing basis at no additional charge, and must, as a condition of payment, update drawings and plans during the Contract term to reflect additions, alterations, and deletions. Such drawings and diagrams shall be delivered to the Town's representative and shall be in accordance with the requirements set forth in Section 22(A).

E. **Accuracy of Drawings Submitted** All drawings shall be neat and of professional quality and technical accuracy. The drawings shall coordinate all designs, drawings, specifications and other services furnished by the Bidder/Contractor under the Bid Specifications/Contract. The Contractor shall, without additional compensation, correct or revise any errors or deficiencies in its designs, drawings, specifications, and other services, unless otherwise agreed upon by the Director. Neither the Town's review, approval or acceptance of, nor payment for, the drawings under this contract shall be construed to operate as a waiver of any rights under the Contract or of any cause of action arising out of the performance of the Contract, and the Contractor shall be and remain liable to the Town in accordance with applicable law for all damages to the Town caused by the Contractor's negligent performance or breach of contract of any of the services furnished under the Contract. The rights and remedies of the Town provided for in the Contract are in addition to any other rights and remedies provided by law.

F. **Claims** In the event that any claim is made or any action brought in any way relating to the plans and specifications drawn by the Contractor, the Contractor will diligently render to the Town any and all assistance, which the Town may require of the Contractor at the Contractor's sole cost and expense. None of the above shall be deemed in any way a waiver of the Contractor's responsibility for the information provided by his (its) drawings, specifications and work.

23. LABORATORY WORK If any portion of work being Bid is subject to laboratory testing, the following shall apply:

A. Any and all testing work required under this Contract shall be subject to the approval of the Director prior to undertaking any such testing program.

B. The Director will determine if it is in the best interests of the Town to use the facilities of private testing laboratories or those of public agencies such as the Nassau County Department of Public Works, or a combination of both.

C. The Contractor shall review the testing results and shall state, in writing, that they are acceptable or unacceptable.

D. If private testing laboratories are used, the Contractor shall process the claims for payment and shall submit its certification that the amount of the claim is reasonable and proper.

24. SITE INSPECTION Where a site inspection is required by the Bid Specifications or Project Definition, Bidder shall be required to inspect the site, including environmental or other conditions for pre-existing deficiencies that may affect the installed Product, equipment, or environment or services to be provided and, which may affect Bidder's ability to properly deliver, install or otherwise provide the required Product. All inquiries regarding such conditions shall be made in writing. Bidder shall be deemed to have knowledge of any deficiencies or conditions which such inspection or inquiry might have disclosed. Bidder must provide a detailed explanation with its Bid if additional work is required under this clause in order to properly complete the delivery and installation of the required Product or provide the requested service.

25. SAMPLES

A. **Standard Samples** Bid Specifications may indicate that the Product to be purchased must be equal to a standard sample on display in a place designated by the Director and such sample will be made available to the Bidder for examination prior to the opening date. Failure by the Bidder to examine such sample shall not entitle the Bidder to any relief from the conditions imposed by the Bid Specifications.

B. **Bidder Supplied Samples** The Director reserves the right to request from the Bidder/Contractor a representative sample(s) of the Product offered at any time prior to or after award of a contract. Unless otherwise instructed, samples shall be furnished within the time specified in the request. Untimely submission of a sample may constitute grounds for rejection of Bid or cancellation of the Contract. Samples must be submitted free of charge and be accompanied by the Bidder's name and address, any descriptive literature relating to the Product and a statement indicating how and where the sample is to be returned. Where applicable, samples must be properly labeled with the appropriate Bid or Contract reference.

A sample may be held by the Director during the entire term of the Contract and for a reasonable period thereafter for comparison with deliveries. At the conclusion of the holding period the sample, where feasible, will be returned as instructed by the Bidder, at the Bidder's expense and risk. Where the Bidder has failed to fully instruct the Director as to the return of the sample (*i.e.*, mode and place of return, etc.) or refuses to bear the cost of its return, the sample shall become the sole property of the receiving entity at the conclusion of the holding period.

C. **Enhanced Samples** When an approved sample exceeds the minimum specifications, all Product delivered must be of the same enhanced quality and identity as the sample. Thereafter, in the event of a Contractor's default, the Director may procure a Product substantially equal to the enhanced sample from other sources, charging the Contractor for any additional costs incurred.

D. **Conformance with Sample(s)** Submission of a sample (whether or not such sample is tested by, or for, the Director) and approval thereof shall not relieve the Contractor from full compliance with all terms and conditions, performance related and otherwise, specified in the Bid Specifications. If in the judgment of the Director the sample or product submitted is not in accordance with the specifications or testing requirements prescribed in the Bid Specifications, the Director may reject the Bid. If an award has been made, the Director may cancel the Contract at the expense of the Contractor.

E. **Testing** All samples are subject to tests in the manner and place designated by the Director, either prior to or after Contract award. Unless otherwise stated in the Bid Specifications, Bidder samples consumed or rendered useless by testing will not be returned to the Bidder. Testing costs for samples that fails to meet Contract requirements may be at the expense of the Contractor.

SAMPLES MUST BE SUBMITTED IN STRICT ACCORDENCE WITH THIS SECTION. THE TOWN RETAINS THE ABSOLUTE RIGHT TO REJECT ANY BID FOR FAILURE TO COMPLY WITH THIS SECTION.

BID EVALUATION

26. **BID EVALUATION** The Director reserves the right to accept or reject any and all Bids, or separable portions of offers, and waive technicalities, irregularities, and omissions if the Director determines the best interests of the Town will be served. The Director, in his/her sole discretion, may accept or reject illegible, incomplete or vague Bids and his/her decision shall be final. A conditional or revocable Bid which clearly communicates the terms or limitations of acceptance may be considered, and Contract award may be made in compliance with the Bidder's conditional or revocable terms in the offer.

27. **CONDITIONAL BID** Unless the Bid Specifications provides otherwise, a Bid is not rendered non-responsive if the Bidder specifies that the award will be accepted only on all or a specified group of items or Product included in the specification. It is understood that nothing herein shall be deemed to change or alter the method of award contained in the Bid Documents.

28. **CLARIFICATIONS / REVISIONS** Prior to award, the Director reserves the right to seek clarifications, request Bid revisions, or to request any information deemed necessary for proper evaluation of Bids from all Bidders deemed to be eligible for Contract award. Failure to provide requested information may result in rejection of the Bid.

29. **EQUIVALENT OR IDENTICAL BIDS** In the event that two or more Bidders submit substantially equivalent Bids as to pricing or other factors, the decision of the Director to award a Contract to one or more of such Bidders shall be final.

30. **PROMPT PAYMENT DISCOUNTS** While prompt payment discounts will not be considered in determining the low Bid, the Director may consider any prompt payment discount in resolving Bids which are otherwise tied. However, any notation indicating that the price is net, (*e.g.*, *net 30 days*), shall be understood to mean only that no prompt payment discount is offered by the Bidder. The imposition of service, interest, or other charges, except as otherwise permitted by law, may render the Bid non-responsive and may be cause for its rejection.

31. **PERFORMANCE AND RESPONSIBILITY QUALIFICATIONS** The Director reserves the right to investigate or inspect at any time whether or not the Product, services, qualifications or facilities offered by the Bidder/Contractor meet the requirements set forth in the Bid Specifications/Contract or as set forth during Contract negotiations. Contractor shall at all times during the Contract term remain responsible and responsive. If the Director determines that the conditions and terms of the Bid Documents, Bid Specifications or Contract are not complied with, or that items, services or Product proposed to be furnished do not meet the specified requirements, or that the legal authority, integrity experience, ability, prior performance, organization and financial capacity or facilities are not satisfactory, the Director may reject such Bid or terminate the Contract.

32. **QUANTITY CHANGES PRIOR TO AWARD** The Director reserves the right, at any time prior to the award of a specific quantity Contract, to alter in good faith the quantities listed in the Bid Specifications. In the event such right is exercised, the lowest responsible Bidder meeting Bid Specifications will be advised of the revised quantities and afforded an opportunity to extend or reduce its Bid price in relation to the changed quantities. Refusal by the low Bidder to so extend or reduce its Bid price may result in the rejection of its Bid and the award of such Contract to the lowest responsible Bidder who accepts the revised qualifications.

33. TIMEFRAME FOR OFFERS The Director reserves the right to make awards within forty-five (45) days after opening of Bids, during which period, Bids must remain firm and cannot be withdrawn. Any Bid which expressly states therein that acceptance must be made within a shorter specified time, may at the sole discretion of the Director, be accepted or rejected.

TERMS & CONDITIONS

34. CONTRACT CREATION / EXECUTION Subject to Award and upon receipt of all required approvals as set forth in the Bid Specifications, a Contract shall be deemed executed and created with the successful Bidder(s), upon receipt of: (A) a fully executed Contract; or (B) a Purchase Order authorized by the Director.

35. MODIFICATION OF CONTRACT TERMS The terms and conditions set forth in the Contract shall govern all transactions by and between the Town and the Contractor under this Contract. The Contract may only be modified or amended upon mutual written agreement of the Director and Contractor.

The Contractor may, however, offer more advantageous pricing, payment, or other terms and conditions than those set forth in the Contract. In such event, a copy of such terms shall be furnished to the Director by the Contractor at the time of such offer.

Other than where such terms are more advantageous for the Town than those set forth in the Contract, no alteration or modification of the terms of the Contract, including substitution of Product, shall be valid or binding against the Town unless authorized by the Director. No such alteration or modification shall be made by unilaterally affixing such terms to Product upon delivery (including, but not limited to, attachment or inclusion of standard pre-printed order forms, product literature, "shrink wrap" terms accompanying software upon delivery, or other documents) or by incorporating such terms onto order forms, purchase orders or other documents forwarded by the Contractor for payment, notwithstanding the Town's subsequent acceptance of Product, or that the Town has subsequently processed such document for approval or payment.

36. SCOPE CHANGES The Director reserves the right, unilaterally, to require, by written order, changes by altering, adding to or deducting from the Bid Specifications, such changes to be within the general scope of the Contract. The Director may make an equitable adjustment in the Contract price or delivery date if the change affects the cost or time of performance. Such equitable adjustments require the consent of the Contractor, which consent shall not be unreasonably withheld.

37. ESTIMATED / SPECIFIC QUANTITY CONTRACTS Estimated quantity contracts are expressly agreed and understood to be made for only the quantities, if any, actually ordered during the Contract term. No guarantee of any quantity(s) is implied or given. The Town will neither be compelled to order any quantities of any item nor will it be limited to the quantity indicated for any item. The quantity to be ordered will be such as may actually be required, as determined by the Town. *The Town retains the absolute right to reject any Bid which expressly imposes a minimum order quantity or minimum dollar amount.* Purchases by the Town from Contracts for services and technology are voluntary.

38. EMERGENCY CONTRACTS In the event that a disaster emergency is declared by the Town, or it determines that an emergency exists requiring the prompt and immediate delivery of Product, the Town reserves the right to obtain such Product from any source, including but not limited to this Contract(s), as the Town in its sole discretion determines will meet the needs of such emergency. Contractor shall not be entitled to any claim or lost profits for Product procured from other sources pursuant to this paragraph.

39. PURCHASE ORDERS Unless otherwise authorized in writing by the Director, no Product is to be delivered or furnished by Contractor until transmittal of an official Purchase Order from the Town. Unless terminated or cancelled pursuant to the authority vested in the Town, Purchase Orders shall be effective and binding upon the Contractor when placed in the mail or electronically transmitted prior to the termination of the contract period, addressed to the Contractor at the address for receipt of orders set forth in the Contract or in the Award.

All Purchase Orders issued pursuant to Contracts let by the Director must bear the appropriate Contract number. As deemed necessary, the Town may confirm pricing and other Product information with the Contractor prior to placement of the Purchase Order. The Town reserves the right to require any other information from the Contractor which the Town deems necessary in order to complete any Purchase Order placed under the Contract. Should the Town add written terms and conditions to the Purchase Order that conflict with the terms and conditions of the Contract, the Contractor has the option of rejecting the Purchase Order within *five business days* of its receipt but shall first attempt to negotiate the additional written terms and conditions in good faith with the Town, or fulfill the Purchase Order. Notwithstanding the above, the Town reserves the right to dispute any discrepancies arising from the presentation of additional terms and conditions with the Contractor.

40. PRODUCT DELIVERY Delivery must be made as ordered to the address specified in a schedule of locations as indicated on the Purchase Order and in accordance with the terms of the Contract. Unless otherwise specified in the Bid Documents/Bid Specifications, delivery shall be made within *thirty calendar days* after receipt of a Purchase Order by the Contractor.

The decision of the Director as to compliance with delivery terms shall be final. The burden of proof for delay in receipt of Purchase Order shall rest with the Contractor. In all instances of a potential or actual delay in delivery, the Contractor shall immediately notify the Director, and confirm in writing the explanation of the delay, and take appropriate action to avoid any subsequent late deliveries. Any extension of time for delivery must be requested in writing by the Contractor and approved in writing by the Town. Failure to meet such delivery time schedule may be grounds for cancellation of the order or, in the Director's discretion, the Contract.

The Town further reserves the absolute right to authorize the immediate purchase of the Product from other sources. Purchase from other sources (without recourse to and by the Contractor for the costs and expenses thereof) to replace all or part of the Products which are the subject of the delay, may be deducted from the Contract quantities without penalty or liability to the Town. The Contractor shall promptly reimburse the Town for any excess cost incurred in replacing all or part of the Products which are the subject of the delay. The Contractor shall have no claim against the Town for the difference in cost where the cost of the purchase is less than that provided in the Contract.

41. WEEKEND AND HOLIDAY DELIVERIES Unless otherwise specified in the Bid Specifications or by the Town, deliveries will be scheduled for ordinary business hours, Monday through Friday (excluding legal holidays observed by the Town). Deliveries may be scheduled by mutual agreement for Saturdays, Sundays or legal holidays observed by the Town where the Product is for daily consumption, an emergency exists, the delivery is a replacement, delivery is late, or other reasonable circumstance in which event the convenience of the Town shall govern.

42. SHIPPING/RECEIPT OF PRODUCT

- A. Packaging Tangible Product shall be securely and properly packed for shipment, storage and stocking in appropriate, clearly labeled shipping containers and according to accepted commercial practice, without any extra charges for packing materials, cases or other types of containers. The container shall become and remain the property of the Town unless otherwise specified in the Contract documents.
- B. Shipping Charges Unless otherwise stated in the Bid Specifications, all deliveries shall be deemed to be freight on board (F.O.B.) destination tailgate delivery at the Town or its designated location listed in the Contract or Purchase Order. Unless otherwise agreed, items purchased at a price F.O.B. Shipping point plus transportation charges shall not relieve the Contractor from responsibility for safe and proper delivery notwithstanding the Town's payment of transportation charges. Contractor shall be responsible for ensuring that the Bill of Lading states "charges prepaid" for all shipments.
- C. Receipt of Product The Contractor shall be solely responsible for assuring that deliveries are made to personnel authorized to accept delivery on behalf of the Town. Any losses resulting from the Contractor's failure to deliver Product to authorized personnel shall be borne exclusively by the Contractor.

43. TITLE AND RISK OF LOSS Notwithstanding the form of shipment, title or other property interest, risk of loss shall not pass from the Contractor to the Town until the Products have been received, inspected and accepted by the receiving entity. Acceptance shall occur within a reasonable time or in accordance with such other defined acceptance period as may be specified in the Bid Specifications or Purchase Order. Mere acknowledgment by Town personnel of the delivery or receipt of goods (*e.g., signed bill of lading*) shall not be deemed or construed as acceptance of the Products received. Any delivery of Product that is substandard or does not comply with the Bid Specifications or Contract terms and conditions, may be rejected or accepted on an adjusted price basis, as determined by the Director.

44. RE-WEIGHING PRODUCT Deliveries are subject to re-weighing at the point of destination by the Town. If shrinkage occurs which exceeds that normally allowable in the trade, the Town shall have the option to require delivery of the difference in quantity or to reduce the payment accordingly. Such option shall be exercised in writing by the Town.

45. PRODUCT SUBSTITUTION In the event a specified manufacturer's Product listed in the Contract becomes unavailable or cannot be supplied by the Contractor for any reason (except as provided for in the Savings/Force Majeure Clause) a Product deemed in writing by the Director to be equal to or better than the specified Product must be substituted by the Contractor at no additional cost or expense to the Town. Unless otherwise specified, any substitution of Product prior to the Director's written approval may be cause for cancellation of Contract.

46. REJECTED PRODUCT When Product is rejected, it must be removed by the Contractor from the premises of the Town within ten calendar days of notification of rejection by the Town. Upon notification of rejection, risk of loss of rejected or non-conforming Product shall remain with Contractor. Rejected items not removed by the Contractor within ten calendar days of notification shall be regarded as abandoned by the Contractor, and the Town shall have the right to dispose of Product as its own property. The Contractor shall promptly reimburse the Town for any and all costs and expenses incurred in storage or effecting removal or disposition after the ten-calendar day period.

47. INSTALLATION Where installation is required, Contractor shall be responsible for placing and installing the Product in the required locations. All materials used in the installation shall be of good quality and shall be free from any and all defects that would mar the appearance of the Product or render it structurally unsound. Installation includes the furnishing of any equipment, rigging and materials required to install or place the Product in the proper location. The Contractor shall protect the Site from damage for all its work and shall repair damages or injury of any kind caused by the Contractor, its employees, officers or agents.

If any alteration, dismantling or excavation, etc. is required to effect installation:

- A. The Contractor shall promptly restore the structure or site following alteration, dismantling or excavation, etc. Upon completion of the work, the building and surrounding area of work shall be left clean and in a neat, unobstructed condition, and everything in satisfactory repair and order.
- B. Work shall be performed to cause the least inconvenience to the Town and with proper consideration for the rights of other Contractors or workers. The Contractor shall promptly perform its work and shall coordinate its activities with those of other Contractors.
- C. The Contractor shall be responsible for daily clean up of all wastes of every kind arising from all activity at the work site, including but not limited to dust, refuse, rubbish garbage, scrap metal, construction debris and packaging material, etc., so that the work site shall present a safe, neat, orderly and workmanlike appearance at all times.
- D. The Contractor shall clean up and remove all debris and rubbish from its work as required or directed in accordance with all Federal, State and Local Laws and Regulations governing the disposal of materials, debris, rubbish and trash on or off the site. REPAIRED OR REPLACED PARTS / COMPONENTS Where the Contractor is required to repair, replace or substitute Product or parts or components of the Product under the Contract, the repaired, replaced or substituted Products shall be subject to all terms and conditions for new parts and components set forth in the Contract including Warranties, as set forth in the Additional Warranties Clause herein. Replaced or repaired Product or parts and components of such Product shall be new and shall, if available, be replaced by the original manufacturer's component or part. Remanufactured parts or components meeting new Product standards may be permitted by the Town. The Director reserves the right to conduct a security background check or otherwise approve any employee, sub-contractor or agent furnished by Contractor and to refuse access to or require replacement of any personnel for cause based on, including but not limited to, professional, technical or training qualifications, quality of work or change in security status or non-compliance with Town's security or other requirements. Such approval shall not relieve the Contractor of the obligation to perform all work in compliance with the Contract terms. The Director reserves the right to reject and/or bar from the facility for cause any employee, sub-contractor, or agents of the Contractor.

51. ASSIGNMENT The Contractor shall not assign, transfer, convey, sublet, or otherwise dispose of the contract or its right, title or interest therein, or its power to execute such contract to any other person, company, firm or corporation in performance of the contract without the prior written consent of the Town. Failure to obtain consent to assignment from the Town shall revoke and annul such Contract. Prior to a consent to assignment of a Contract, or portion thereof, becoming effective, the Contractor shall submit the request to assignment to the Director and seek written agreement from the Director. The Director reserves the right to reject any proposed assignee in his/her discretion.

52. SUBCONTRACTORS AND SUPPLIERS The Contractor shall advise the Director, in writing, as to the name and address of the proposed sub-contractor and the exact scope of the work the sub-contractor will perform. The Contractor shall not sub-contract with the sub-contractor until the Director has given written approval of the sub-contractor and the work to be performed. All work by sub-contractors shall be performed at no additional cost to the Town except as herein elsewhere stated in the Contract. All sub-contractors shall be required to furnish the Town with proof of insurance in the same manner and the amounts as required by the Contractor. All sub-contractors shall be required to comply with the applicable terms and conditions of the Contract.

The Director reserves the right to reject any proposed Subcontractor or supplier for bona fide business reasons, which may include, but are not limited to: they are on the New York State Department of Labor's list of companies with which New York State cannot do business; the Director determines that the company is not qualified; the Director determines that the company is not responsible; the company has previously provided unsatisfactory work or services; the company failed to solicit minority and women's business enterprises (M/WBE) Bidders as required by prior Contracts.

53. PERFORMANCE / BID BOND The Director reserves the right to require a Bidder or Contractor to furnish without additional cost, a performance, payment or Bid bond or negotiable irrevocable letter of credit or other form of security for the faithful performance of the Contract. Where required, such bond or other security shall be in the form prescribed by the Town Attorney of the Town of North Hempstead. Failure of the Contractor to furnish said surety within ten days from the date of request shall be sufficient cause to terminate the Contract and cancel a pending Purchase Order(s).

54. SUSPENSION OF WORK The Director, in his/her sole discretion, reserves the right to suspend any or all activities under this Contract, at any time, in the best interests of the Town. In the event of such suspension, the Contractor will be given a formal written notice outlining the particulars of such suspension. Examples of the reason for such suspension include, but are not limited to, a budget freeze or reduction on Town spending, declaration of emergency, contract compliance issues or other such circumstances. Upon issuance of such notice, the Contractor is not to accept any Purchase Orders, and shall comply with the suspension order. Activity may resume at such time as the Director issues a formal written notice authorizing a resumption of performance under the Contract.

55. TERMINATION

A. **By written notice:** This Contract may be terminated at any time by the Town upon sixty (60) days written notice or other specified period without penalty or other early termination charges due. The Town will be responsible for payment of any portion of the Services completed prior to termination of the Contract and satisfactory to the Town's Comptroller. Such termination of the Contract shall not affect any project or Purchase Order that has been issued under the Contract prior to the date of such termination. Contractor shall use due diligence and provide any outstanding deliverables.

B. **For Violation of the Sections 139-j and 139-k of the State Finance Law:** The Director reserves the absolute right to terminate the Contract in the event it is found that the certification filed by the Bidder in accordance with Section 139-k of the State Finance Law was intentionally false or intentionally incomplete. Upon such finding, the Director may exercise its termination right by providing written notification to the Contractor in accordance with the written notification terms of the Contract.

C. **For Violation of Revised Tax Law 5a:** The Director reserves the absolute right to terminate the contract in the event it is found that the certification filed by the Contractor in accordance with §5-a of the Tax Law is not timely filed during the term of the Contract or the certification furnished was intentionally false or intentionally incomplete. Upon such finding, the Director may exercise its termination right by providing written notification to the Contractor.

D. **Contractor Assistance Upon Termination.** In connection with the termination or impending termination of the Contract, the Contractor shall, regardless of the reason for termination, take all actions reasonably requested by the Town to assist the Town in transitioning the Contractor's responsibilities under the Contract.

E. **Accounting Upon Termination.** Within thirty (30) days of the termination of the Contract, the Contractor shall provide the Town with a complete accounting up to the date of termination of all monies received from the Town, and shall immediately refund to the Town any unexpended balance remaining as of the time of termination.

56. SAVINGS/FORCE MAJEURE A force majeure occurrence is an event or effect that cannot be reasonably anticipated or controlled. Force majeure includes, but is not limited to, acts of God, acts of war, acts of public enemies, strikes, fires, explosions, actions of the elements, floods, or other similar causes beyond the control of the Contractor or the Director in the performance of the Contract which non-performance, by exercise of reasonable diligence, cannot be prevented. Contractor shall provide the Director with written notice of any force majeure occurrence as soon as the delay is known.

Neither the Contractor nor the Director shall be liable to the other for any delay in or failure of performance under the Contract due to a force majeure occurrence. Any such delay in or failure of performance shall not constitute default or give rise to any liability for damages. The existence of such causes of such delay or failure shall extend the period for performance to such extent as determined by the Contractor and the Director to be necessary to enable complete performance by the Contractor if reasonable diligence is exercised after the cause of delay or failure has been removed.

Notwithstanding the above, at the discretion of the Director where the delay or failure will significantly impair the value of the Contract to the Town, the Director may:

- A. Accept allocated performance or deliveries from the Contractor. The Contractor, however, hereby agrees to grant preferential treatment to the Town with respect to Product subjected to allocation; and/or
- B. Purchase from other sources (without recourse to and by the Contractor for the costs and expenses thereof) to replace all or part of the Products which are the subject of the delay, which purchases may be deducted from the Contract quantities without penalty or liability to the Town; or
- C. Terminate the Contract or the portion thereof which is subject to delays, and thereby discharge any unexecuted portion of the Contract or the relative part thereof.

In addition, the Director reserves the right, in his/her sole discretion, to make an equitable adjustment in the Contract terms and/or pricing should extreme and unforeseen volatility in the marketplace affect pricing or the availability of supply. "Extreme and unforeseen volatility in the marketplace" is defined as market circumstances which meet the following criteria: (i) the volatility is due to causes outside the control of Contractor; (ii) the volatility affects the marketplace or industry, not just the particular Contract source of supply; (iii) the effect on pricing or availability of supply is substantial; and (iv) the volatility so affects Contractor's performance that continued performance of the Contract would result in a substantial loss.

57. CONTRACT BILLINGS

A. Contractor and the distributors/resellers designated by the Contractor, if any, shall provide complete and accurate billing invoices to the Town in order to receive payment. None of the Contract amount shall be paid by the Town except pursuant to timely filed claim forms containing documentation of the costs claimed following completion of all or a portion of the Product or services performed, all in form and substance satisfactory to the Town.

i. **Claim Forms, Claim Form Review and Approval.** Payments shall be made to the Contractor in arrears and shall be expressly contingent upon: (a) the Contractor submitting a claim form (the "Claim Form") in a form provided by the Town, that (i) states with reasonable specificity the Product or services provided and the payment requested as consideration for such Product or services; (ii) certifies that the sum sought is just, true and correct; that no part thereof has been paid except as stated, and that the balance is actually due and owing and that taxes from which the Town is exempt are excluded; and (iii) is accompanied by documentation satisfactory to the Town supporting the amount claimed, and review, approval and audit of the Claim Form by the Town.

ii. **Timing of Payment Claims.** The Contractor shall submit claims no more frequently than once a month and no later than three (3) months following the Town's receipt of the Product or services performed that are the subject of the claim. Any claims submitted in violation of this Section 55 shall not be due and payable by the Town.

iii. **No Duplication of Payments.** Payments for the Product shall not duplicate payments for any work performed or to be performed under any other agreements made between the Contractor and any funding source including the Town.

iv. **Release** The acceptance by the Contractor or any person claiming under the Contractor of any payment made on the final payment claim under this Contract shall operate on and shall be a release to the Town from all claims and liability to the Contractor, its successors, legal representatives and assigns, for any compensation or reimbursement for services rendered or work performed under or by the provisions of this Contract.

B. The Comptroller shall render payment for Town purchases, and such payment shall be made in accordance with ordinary Town procedures and practices.

C. Submission of a Claim Form and payment thereof shall not preclude the Director from reimbursement or demanding a price adjustment in any case where the Product delivered is found to deviate from the terms and conditions of the Contract or where the billing was inaccurate.

D. Contractor shall provide, upon request of the Director or the Comptroller, any and all information necessary to verify the accuracy of the billings. Such information shall be provided in the format requested by the Director or Comptroller and in a media commercially available from the Contractor.

58. REMEDIES FOR BREACH It is understood and agreed that all rights and remedies afforded below shall be in addition to all remedies or actions otherwise authorized or permitted by law:

A. **Cover/Substitute Performance** In the event of Contractor's material breach, the Director may, with or without formally Bidding: (i) Purchase from other sources; or (ii) If the Director is unsuccessful after making reasonable attempts, under the circumstances then existing, to timely obtain acceptable service or acquire replacement Product of equal or comparable quality, the Director may acquire acceptable replacement Product of lesser or greater quality.

Such purchases may, in the discretion of the Director, be deducted from the Contract quantity and payments due Contractor.

B. **Withhold Payment** In any case where a question of non-performance by Contractor arises, payment may be withheld in whole or in part at the discretion of the Director. Should the amount withheld be finally paid, a cash discount originally offered may be taken as if no delay in payment had occurred.

C. **Reimbursement of Costs Incurred** The Contractor agrees to reimburse the Town promptly for any and all additional costs and expenses incurred for acquiring acceptable services, and/or replacement Product. Should the cost of cover be less than the Contract price, the Contractor shall have no claim to the difference. The Contractor covenants and agrees that in the event suit is successfully prosecuted for any default on the part of the Contractor, all costs and expenses expended or incurred by the Town in connection therewith, including reasonable attorney's fees, shall be paid by the Contractor.

D. **Substitute Equipment** Where the Contractor fails to timely deliver pursuant to the guaranteed delivery terms of the Contract, the Town may rent substitute equipment temporarily. Any sums expended for such rental shall, upon demand, be reimbursed to the Town promptly by the Contractor or deducted by the Town from payments due or to become due the Contractor on the same or another transaction.

E. **Deduction/Credit** Sums due as a result of these remedies may be deducted or offset by the Town from payments due, or to become due, the Contractor on the same or another transaction. If no deduction or only a partial deduction is made in such fashion the Contractor shall pay to the Town the amount of such claim or portion of the claim still outstanding, on demand. The Director reserves the right to determine the disposition of any rebates, settlements, restitution, liquidated damages, etc., which arise from the administration of the Contract.

59. TOXIC SUBSTANCES Each Contractor furnishing a toxic substance as defined by Section 875 of the Labor Law, shall provide the Town with not less than two copies of a material safety data sheet, which sheet shall include for each such substance the information outlined in Section 876 of the Labor Law. Before any chemical product is used or applied on or in any building, a copy of the product label and Material Safety Data Sheet must be provided to and approved by the Town.

Failure to do so may constitute grounds for the Director to cancel or suspend this Contract, in whole or in part, or to take any other action deemed necessary by the Director.

D. **Product Warranty** Unless recycled or recovered materials are available in accordance with the "Recycled or Recovered Materials" clause, Product offered shall be standard new equipment, current model or most recent release of regular stock product with all parts regularly used with the type of equipment offered; and no attachment or part has been substituted or applied contrary to the manufacturer's recommendations and standard practice.

Any part of component replaced by the Contractor under the Contract warranty shall be replaced at no cost to the Town and guaranteed for the greater of: (i) the warranty period under paragraph (D) above; or (ii) if a separate warranty for that part or component is generally offered by the manufacturer, the standard commercial warranty period offered by the manufacturer for the individual part or component.

Under the Act, the Commissioner of the Office of General Services (OGS) will be developing a list (prohibited entities list) of “persons” who are engaged in “investment activities in Iran” (both are defined terms in the law). Pursuant to SFL § 165-a(3)(b) and GML §103-g, the initial list is expected to be issued no later than 120 days after the Act’s effective date, at which time it will be posted on the OGS website.

By submitting a response to this solicitation or by assuming the responsibility of a Contract awarded hereunder, Proposer (or any assignee) certifies that once the prohibited entities list is posted on the OGS website, it will not utilize on such Contract any subcontractor that is identified on the prohibited entities list. Additionally, Proposer is advised that once the list is posted on the OGS website, any Proposer seeking to enter into, renew or extend a Contract or assume the responsibility of a Contract awarded in response to the solicitation, must certify at the time the Contract is bid upon or a proposal submitted, or the contract is renewed, extended or assigned that it is not included on the prohibited entities list.

During the term of the Contract, should Town receive information that a person is in violation of the above-referenced certification, Town will offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment which is in violation of the Act within 90 days after the determination of such violation, then Town shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

Town reserves the right to reject any bid, proposal or request for assignment for an entity that appears on the prohibited entities list prior to the award of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the prohibited entities list after contract award.
