Reciprocal Electrical License Requirements

Please be advised that as per the Town of North Hempstead Code, [§2-66 B.1 A & B](#) and [§2-66 B.2](#) (also reprinted below), reciprocal electrical license applicants must meet the listed requirements both at the time of initial application and at the time of **renewal** application filing. Failure to meet the requirements will result in a denial of your reciprocal application.

**Reciprocal License holders/applicants not meeting the requirements may file an application for an electrical license (non-reciprocal) with the Town of North Hempstead.*

(1) Reciprocal license within the county.

(a)

Where the applicant, at the time of making the application, maintains a principal place of business within the County of Nassau and has been duly licensed as a master electrician by a municipality within the County of Nassau with whom the Town of North Hempstead has entered into a reciprocity agreement, examination will be waived. Such applicant shall, however, file the required application, together with a certificate of competency, a certified copy of a currently valid master electrician's license, a certificate of insurance as required by § 2-68E and a fee in accordance with the Town of North Hempstead Fee Schedule with the Board. Upon approval of the application, such applicant shall be considered a duly licensed master electrician within the Town of North Hempstead. [Amended 4-11-2006 by L.L. No. 5-2006]

(b)

If the applicant has no principal place of business at the time his application is under consideration, his residence shall be used.

(2) Where the applicant is at the time of making the application a duly licensed master or employing electrician in any other municipality in the State of New York, and shall submit a certified copy of such license, and ***if he shall maintain his*** principal place of business in such municipality, examination will be waived, provided such municipality has signified in writing its willingness to reciprocate in like manner with the Examining Board of Electricians of the Town of North Hempstead. The fee, however, in such case shall be the same as for those requiring examination by the Examining Board of Electricians.

Upon initial review of your application you will receive a **Reciprocal Electrician Notarization Form**. This form requires your signature and must be notarized and returned to us prior to the issuance of your license.

The application fee for a Reciprocal Electrician License is **\$50.00**. This fee is non-refundable and is ***due upon submission of your application***. The initial License is valid until December 31st of the year that the license is first formally issued and renewable every **3 years**. The fee for license renewal is **\$150.00**. Bumper stickers are **\$10.00** for each vehicle. We accept all major credit cards and E-Checks. Credit card payments incur a service/convenience fee of 2.95%. Payments by E-check incur a fee of \$1.75 per transaction. The Town of North Hempstead does not profit from this fee.
