A permit is required for the installation, placement, displaying, alteration, maintaining and/or repair of any illuminated and/or non-illuminated billboards, wall signs, ground signs, tower signs, hanging/blade, gasoline station signs, billboards, marquees, or awnings on a property.

Sign projects require a **Property Owner-Sign Owner Affidavit**. This form must be signed by the **owner(s) of the property or owner's representative & the applicant/sign owner**, notarized, and returned to us prior to the issuance of your permit.

If multiple signs or awnings are being installed, **you must file a separate application for** each. New ground signs and awnings require the submission of a **Commercial Building Application** with footing and construction details (for signs), sealed and signed by an engineer or architect for the new ground sign. All signatures and seals must be originals.

Please note: Per [Chapter 70, Article XXI, §197J](#) of the Town Code All signs which direct, emit, radiate or reflect any beam, ray, gleam or glare of light on an abutting residential district shall be extinguished within one-half (1/2) hour after the close of business and in no event later than 11:00 pm. The close of business shall be deemed to be that time at which the premises are closed to the public. Lights within business establishments may be kept on during the entire night, provided that the total amount of illumination does not exceed 20-foot candles.

Permit for **Billboards** shall expire on the last day of the calendar year following the date of issuance. A fee of two **(2)** times the normal fee will be charged for legalizing a sign or awning erected without the benefit of a permit. Upon approval you will receive an email outlining the total due. Payment must be made online. We accept all major credit cards and E-Checks. Credit card payments incur a service fee of 2.95%. Payments by E-check incur a fee of \$1.75 per transaction.
